

## sports coach UK Newsletter July 2007

Welcome to the latest edition of the **sports coach UK** newsletter.

Another busy three months has seen the UK Coaching Framework take a significant leap forward, with delegates adopting a declaration, part of which involves commitment to the first stages of Framework implementation. A summary of the key points from the UK Coaching Summit is contained in the main body of this newsletter.

There are further updates regarding the Framework, including information on English Regional Coaching Centres call for proposals, and a report from the Together for Sport Conference.

In addition to the above, there is news on the UK Coaching Certificate (UKCC), a round-up of workshop reviews and sports coach UK regional news for England.

Also included is the latest from Wales and details of the successful Tutor Continuous Professional Development Programme.

We hope you enjoy this edition of the newsletter. If you have any comments or feedback, please email [coaching@sportscoachuk.org](mailto:coaching@sportscoachuk.org) or speak to Marketing and Communications on 0113-274 4802.
